

# Patient on warfarin?

Was there a fall?

Was there a bruise?

Was there a skin tear?

## If so, don't forget SBAR!

# CALLING ABOUT A PATIENT ON **WARFARIN?**

**DO YOU NEED TO REPORT A:**

- **CHANGE IN CONDITION?**
- **NEW INR RESULT?**
- **INCIDENTAL INJURY?**

**IF SO, USE SBAR!**

# Is the INR too high? Or too low?

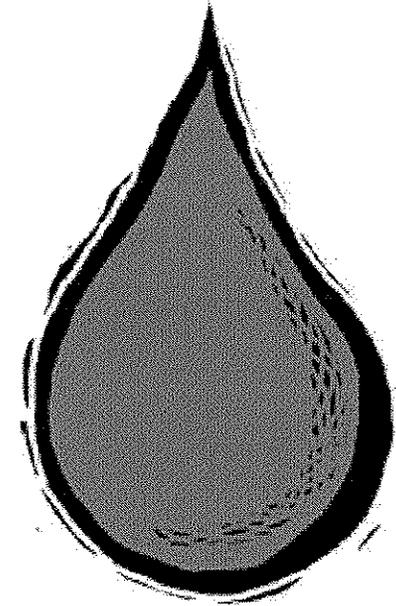

## Indication

## Therapeutic Range

**AFIB** → 2.0 – 3.0

**DVT/PE** → 2.0 – 3.0

**Mechanical Heart Valve** → 2.5 – 3.5

**Remember an INR  $< 2.0$  is LOW!**

# Patient on warfarin?

Remember...an INR  $< 2.0$  is LOW!

New INR Result  
INR Result:  
1.6

No concerns

I'm uncomfortable about this patient because:  High INR     Bleeding/Bruising     Other

Low INR

**S**  
**B**  
**A**  
**R**
