Urinary Incontinence (UI) Table of Contents: Launch Toolkit

Resource Description: This document was created by the WI-INTUIT team for their AHRQ EvidenceNOW Managing Urinary Incontinence study. This document is a table of contents providing links to a suite of tools supplied by the practice facilitation team to support implementation of screening for and treating urinary incontinence. Resources include a UI treatment algorithm, patient education materials, practice launch videos, electronic health record (EHR) templates, and more.

RESOURCE LINK	DESCRIPTION
<u>UI Algorithm</u>	This urinary incontinence treatment algorithm is for providers to refer to when encountering a positive screen for urinary incontinence and follow up steps.
<u>UI Screeners</u> English	This document contains options for screening for urinary incontinence in your practice.
<u>UI Screeners</u> <u>Spanish</u>	This document contains options for screening for urinary incontinence in your practice for Spanish speakers.
<u>UI EHR</u> <u>Materials</u>	This document contains options for note text and after visit summary language to be included in your EHR.
UI Patient Info	This document contains links to urinary incontinence handouts, educational videos, and signing up for a Mind Over Matter: Healthy Bowels, Healthy Bladder class.
UI 101 Practice Video	This 11-minute video will be shared at the beginning of the Launch meeting and is available here for reference.
Mind Over Matter Flier	This is a flier to hang in your clinic informing patients about Mind Over Matter: Healthy Bowel, Healthy Bladder classes.
<u>UI Office</u> <u>Poster</u>	This is a poster to hang in your clinic informing patients about urinary incontinence.
