patient/caregiver and understanding verbalized. Copy provided.

BMI 20.18	Weight 100 lb 1.4 oz	Height 4' 11"
Pulse 110	Respiration 19	Oxygen 97%

Test Results

If tests were ordered, your doctor will need time to review the results. Certain tests may take longer than 10 days to finish. This means there may be a wait before your results are ready. Once your results are in, your doctor will look at them. If further action is needed your doctor will contact you. If you are a MyChart user, your results will be in MyChart within four business days after they are finished.

Your Care Team

No active team members.

Note: Information about this visit will be available to members of your care team.

Tobacco and Nicotine Education

Using tobacco or being near second-hand smoke is bad for your health. Nicotine from e-cigarettes is addictive. Additives in e-cigarettes can be dangerous to your health. People who use e-cigarettes are more likely to smoke in the future. Are you or a family member having trouble staying tobacco free? For free help call Quitline Iowa hotline at 1-800-784-8669 or visit www.smokefree.gov or search the Web for "NIDA for teens".

You are allergic to the following

Not on File

Antibiotic Use and Resistance

If antibiotics are used too often, they may not work on infections or illnesses. Your health care team is here to provide you with the best care. Medicines will only be given when needed.

To learn more, visit the Centers for Disease Control and Prevention (CDC) website:

- www.cdc.gov/getsmart/
 - The best links are
 - "In Doctor's Offices"
 - "Get Smart: Know When Antibiotics Work"
 - "In Healthcare Facilities"

You may get a survey in the next few weeks asking about your visit. Please fill out and return the survey. We will let our staff know when they have been helpful and/or use your feedback to make the care we give better.

Unused Medicines

Do not store or share unused medicines. Get rid of unused medicines the right way. Go to the www.fda.gov/downloads/ForConsumers/ConsumerUpdates/UCM449824.pdf website or call your local sheriff's office for more information.

Thank you for choosing University of Iowa Health Care
