

## Multi-Team System Exercise Sheet

### INSTRUCTIONS:

Using the space below or a blank piece of paper, map out a multi-team system for your work area, unit, department, or facility. Refer to the list of sample nursing home multi-team system members on the following pages. Can you think of other members? Do the teams in your nursing home look different? Use these suggested teams to help create your nursing home's multi-team system.

Think about:

- What types of team members make up each team?
- How do the teams in your work area, unit, department, or facility interact with one another?

## Multi-Team System Exercise Sheet

### INSTRUCTIONS:

Use these suggested nursing home multi-team system members to help map out a multi-team system for your work area, unit, department, or facility. Can you think of other members? Do the teams in your nursing home look different? Note that these lists are not all inclusive. Your team may or may not include the people suggested below.
